“Friends”
of the
Thamesdown Hydrotherapy Pool
(FTHP)

The Hydrotherapy Pool is a registered charity, No. 267687, and first opened in 1979. Since then over half a million people have benefited from the Pool’s warm and soothing waters.

Did you know it then cost in excess of £120,000 (all raised locally) to build and equip the Pool?, it now costs that amount annually just to meet the day to day running costs.

The “Friends” were formed to raise money for a specific Pool projects that will assist the Pool and its users when and wherever possible. To date the Friends have raised over £20,000, which includes the Pool blanket, static and mobile hoists and a changing room bed and many other items.

You may be a short term user of the Pool, or just a Friend, but the benefits that the Pool provides are long term commitments that have to be funded. Please help us keep it that way by joining the “FRIENDS” to support the Pool
